Enjoy the water like never before and the thrilling water rides in one of the best water parks in Spain.

Enjoy a one day trip from Barcelona to the wonderful Caribe Aquatic Park of Port Aventura. Go down trepid slides or relax on a lounge indulging yourself with a mixture of the sound of the waves that reach the sand and the tasty reggae rhythm that runs through every corner of this amazing water park. 50,000 square meters. New children's area, children's pool with two depth levels and a pirate ship packed with Sesamo Aventura characters. Together with this pool you will also find a Splash Pad, a small play area with interactive water jets connected to the kids' pool where adults can relax on large water beds and enjoy their invigorating effects. The park's greatest innovation is King Khajuna: Europe's highest free fall waterslide. Do not miss out on the adventure of launching yourself from a height of 31 meters down a slope of 55 degrees that will make you reach dizzying speeds. If you prefer something less hair-raising, try the other new slides: Ciclon Tropical, a multi bumper, fast-paced fun with changes in elevation, or Rapid Race, the 6-lane racer slide to compete and see who gets to the bottom first. All this and much more in a dream setting among palm trees, huts and relaxing reggae music. The fantastic bars, restaurants and exotic vegetation will transport you to an island in the heart of the tropics. Fighting the hot hours of summer with the wildest water adventure in the sun and surrounded by a themed setting that will transport you to other latitudes.
