

2 Days - Loch Ness, Inverness & the Highlands

Enjoy the Highland experience on this two day tour from Edinburgh.

On the first day we head to into the Highlands. Leaving the capital behind us we travel to join with our fellow travelers from Glasgow. As you travel north visit Glen Coe, and feel the past come to life as our guide tells you about the terrible massacre of the MacDonald clan. Then take in the majestic sweep of the Great Glen and the stunning heights of Ben Nevis, Britain's highest mountain. Drive along Loch Ness and sleep by the shores of its beautiful and tranquil shores. We stay overnight, and wake up the next morning to take part in an exciting Loch Ness tour. Go Monster Hunting... After a delicious Scottish breakfast, explore the loch. Why not take a boat tour (optional and not included in the price of the tour) over to Urquhart Castle or just monster hunt from the shore? We then drive through Inverness to visit Culloden (admission not included), last stand of the Jacobites against the British government forces. Then you'll pass the stunning Cairngorm mountains, stopping en-route to visit a distillery (optional, admission not included) and discover just how whisky is produced, then you will be able to explore a picturesque Highland town before arriving back in Edinburgh.
