

## Monster Scooter Ride

Monster Scooters are very easy and stable, suitable for anyone. You don't need to have bike skills to participate in this great activity, exploring the Swiss Mountains.

Monster Scooters are a fun way to explore the Swiss mountain scenery with the whole family. With wide tires and handlebar brakes, these scooters are extremely stable and easy to use and don't require any biking experience. This guided evening tour begins in the small mountain village of Isenflu where we take a mountain cable car high into the alpine meadows before descending through the forest on the 45 minute scooter ride. The soft evening light brings new dimensions to the perfect views of the Jungfrau panorama.
