Enjoy this fabulous day trip to Paris and indulge yourself with a two course champagne lunch in the Eiffel Tower plus city tour and river cruise on the Seine.

After meeting Premium tours at St Pancras International train station by our Group Welcome desk, outside Le Pain Quotidien Coffee Shop, we connect you with your guide for the day at St Pancras Station. Travelling at speeds up to 186mph you will be in Paris in just 2 hours 15 minutes. Upon arrival you will enjoy a panoramic tour of the city taking in most the major sites including the Opera House, Champs Elysees and the Arc de Triomphe before arriving at the Eiffel Tower. What better way to enjoy lunch than on the Eiffel Tower itself, one of the world most famous monuments. Our fast entry ticket means we have priority access and our reserved seats in the Altitude 58 restaurant boast fabulous views across the city. Sit back and enjoy a glass of Champagne followed by a fabulous meal while soaking up the atmosphere of arguably the world's most beautiful and romantic city. In the afternoon we take a cruise on the River Seine with spectacular views of the Notre Dame. After this you can explore the Louvre independently (closed on Tuesdays) and see the world famous Mona Lisa (not included in tour price). In the early evening we head back to Gard du Nord where the tour finishes.
