

Mykonos City and Island Tour

Spend half day exploring the pearl of the Aegean Sea with its beautiful white houses, labyrinths and lovely beaches. We guarantee you a lot of impressions and useful information.

Starting the City and Island tour by walking down the Mykonian small and narrow streets, we'll have many opportunities to take nice pictures while the city is still quite. We'll have an orientation in the labyrinth of the old town as well as the small port and the white churches. Of course we will see the famous windmills and if we are lucky we'll find Petros the famous Pelecan, the mascot of Mykonos. After this we are going to explore the island with a bus, visiting some of the most famous beaches and the inner landscape. We'll see fishermen and kaikis, small private chapels and houses built in typical Cycladic style. In the second main village of Mykonos, Ano Mera, the guests will have enough free time for a stroll around the traditional square and visit the monk monastery Panagia Tourliani built in the 16th century. Next stop is Kalafatis beach where there is free time to relax just before heading to a place with a fantastic view all over the town and neighbor islands. This is a highly recommended tour for all first time visitors and the best way to start exploring the lifestyle and culture of the Mykonian gem.
