Explore the beautiful wine region of Chianti on a half-day scenic tour from Siena, and enjoy a Tuscan landscape of gently rolling hills and vineyards, studded with cypress trees. Taste superb Chianti wines and Tuscan products.

The beautiful ruby-red colour and the characteristic bouquet with scents of violet are the special features that reveal the identity of one of the most famous wines in the world: Chianti. This wine results from the wise blend of Sangiovese, Canaiolo, Merlot and Cabernet Sauvignon grapes, and originates from the hilly area from which it draws its name. We will lead you to the discovery of the breathtaking landscapes that have been cradling the Chianti vineyards for centuries, presenting you a harmony of colours that can only be found in the hills of this region. The tour continues with a visit to a charming wine estate where you will take part in a guided tour of the wine cellars in order to gain insight into the various stages of wine production and in a tasting of the various wines that the winery produces, paired with samples of sliced cured meats, bruschetta and salami. During the tour you will see the characteristic fortress of Monteriggioni. There you will find some shops specialized in typical Tuscan products, as well as elegant cafes where you can stop and enjoy a coffee or a gelato. Subsequently, the tour includes a second tasting of olive oil and wine in another local winery.
