

Excursion to Mount Etna

A full day tour to the craters of Silvestri at 1,900 meters on the slopes of Mt. Etna with the option to add a Jeep excursion to Rifugio Sapienza at 3,000 meters.

Travel South from Taormina up the slopes of Mt. Etna. Arriving at 1,900 metres you will have time to explore the Craters of Silvestri. There will be time available for lunch, trekking and plenty of photo opportunities to capture pictures of this majestic active volcano. You will also be given an opportunity to ascent to the area of the main crater by cable car and jeep (payment on the spot).
