

## Grand Danube River Cruise

You'll have an unique opportunity to experience the most impressive sights of Vienna, while enjoying a relaxing cruise on board the MS Vindobona.

Welcome on board of the MS Vindobona! In the first half of this cruise, you will pass some of Vienna's most significant buildings like the Urania observatory, the "Kunsthau Wien" (which has been re-designed by Friedensreich Hundertwasser) and the Gasometer building. After passing the modern Hydro Electric power plant Freudenau you will continue to the Reichsbruecke. On the second half of this cruise you will get an unforgettable view of Vienna's tallest buildings - the UNO City, the Danube Tower (252m) and the Millenium Tower (202m). Afterwards you get to appreciate the lock Nussdorf and the Thermal Waste Treatment Plant Spittelau, which has been designed by Friedensreich Hundertwasser. On the way back you will see the Rossau Barracks, the Vienna Ring Tower and the St. Rupert's Church, which is the oldest religious edifice of the city. You then return to Schwedenplatz.
